Dr. Jaewook Myung
(KAIST)

In 2020, a total of 66 papers were published in JKSEE. A total of 126 dedicated reviewers carefully reviewed the papers of this journal. Their constructive reviews assisted both the authors to improve the works and the editors to produce timely high-quality articles. Many reviewers answered the review request multiple times. Once a year I would like to thank these anonymous reviewers for their willingness and readiness.

The Korean Society of Environmental Engineers (KSEE) has established “Reviewer Award” since 2018 and awards the best reviewer every year. The Reviewer Award of 2020 is given to Dr. Jaewook Myung (Korea Advanced Institute of Science and Technology, KAIST). I sincerely appreciate the reviewers listed below for their time and contribution.
